

FILTER RIGS

Examples of our range of filtration rigs.

FS1

Field Service Unit
Single Unit KU65
Piusi Gear Pump & 12v Motor (24v option)
On/Off switch
Quick Release Couplings
3 Metre suction and return lines
Pressure Gauge
Internal by-pass valve
Works from any vehicle or 12v battery trolley.

MS/110/T

Single unit 9788 filter
Mono pump and 240v motor
Upright trolley Mounted
Safety By pass valve
Pressure gauge
Isolator & On/Off switch
Pressure relief switch
Pressure Gauge
Quick Release Couplings
3 metre suction and return lines

MS1/240/F

Single Unit 9788 filter
Frame Mounted
Mono pump and 240v Motor
On/Off Isolator Switch
Pressure gauge

MS2/240/T

Twin unit 9788 filters
Mono pump and 240v motor
Upright trolley mounted
Safety By pass valve
Pressure gauge
Isolator & On/Off switch
Pressure relief switch
Pressure Gauge
Quick Release Couplings
3 metre suction and return lines.

MS4/110/P20/T

Four Unit 9788 Filters
Mono Pump and 110v motor
Upright Trolley mounted 4 wheels
Safety By pass valve
Pre-filter 20"
Pressure gauge
Isolator & On/Off switch
Pressure relief switch
Pressure Gauge
Quick Release Couplings
3 metre suction and return lines

MS4/240/M20/B/W

Four Unit 9788 Filters
Mono Pump and 240v motor
Skid Frame Mounted
Steel Bund on castor wheels
Safety Float Switch
Safety By pass valve
Magnetic pre-filter 20"
Pressure gauge
Isolator & On/Off switch
Pressure relief switch
Pressure Gauge
Quick Release Couplings
3 metre suction and return lines

MS4/240/F

Four Unit 9788 filters
Mono pump and 240v motor
Skid Frame Mounted
Safety By pass valve
Pressure gauge
Isolator & On/Off switch
Pressure relief switch
Pressure Gauge
Quick Release Couplings
3 metre suction and return lines.

MS4/110/B/T/HD

Four Unit 9788 Filters
Mono Pump and 110v motor
Twin Skid Frame Mounted
Steel Bund
Safety Float Switch
Safety By pass valve
Magnetic pre-filter 5"
Pressure gauge
Isolator & On/Off switch
Pressure relief switch
Pressure Gauge
Quick Release Couplings
3 metre suction and return lines
Durable trolley with steer wheels

MS2/240/TC

Compact trolley 2 unit KU65 Filters
Mono pump and 240v motor
Aluminium trolley
Pressure gauge
Isolator & On/Off switch
Pressure relief switch
Pressure Gauge
Quick Release Couplings
3 metre suction and return lines.

MS4/240/BP/M10/PCM

- Four Unit 9788 filters
- Mono pump and 240v motor
- Polyethylene Bund
- Safety Float Switch
- Safety by pass valve
- Particle Counter & water sensor
- Magnetic pre-filter & drains
- Pressure gauge
- Isolator & On/Off switch
- Pressure relief switch
- Pressure Gauge
- Quick Release Couplings
- 3 metre suction and return lines.

Photographs are examples only and all units are subject to changes in design. Full details of specification and requirements will be detailed on all quotations.
